PHIL LEE NAMED MAYOR BY EL CERRITO COUNCIL

S. F. Bay Tube Is Proposed

PATENTED PILE IS DISCUSSED BY COUNCIL

It is likely the council will receive alternate bids on the type of piling that will go into the new wharf unit on which bids will be received in a short time.

Healey Tibbets Company, San Francisco Bridge Company, and the San Francisco Bridge Company, in a communication to the council last evening, called their attention to the fact that the specifications called for a patented concrete piling. The writers thought the specifications should be changed so as to receive alternate bids on the two types of concrete pile, and suggested that the time for the opening of bids be deferred.

It was also stated that the Los Angeles firm who holds the patent on the piling proposed to be used has not as yet fixed the royalty price, so that contractors can figure on the work.

Councilman Hartnett was of the opinion that the communication of the firm asking for alternate bids was worthy of consideration, as

Mayor Chandler Urges Support As Salvation Army Fund Drive Begins

With Mayor Mattie A. Chandler sounding an appeal to all citizens to respond to the Salvation Army fund campaign, members of this organization and leaders in civic and business life today launched a drive which is expected to result in the annual quota being reached in a short time.

The city of Richmond and nearby communities have been divided into districts, with committees appointed to canvass each district, and it is thought rapid results will be obtained.

Joining the officials of the Salvation Army in the campaign will be members of the Business and Professional Women's club, headed by Miss Irene E. Lohr and Miss Lela M. Young; Constable M. G. Molloy and E. H. Woodfield of San Pablo; Walter F. Helms, superintendent of schools; Bert X. Tucker, past president of the Richmond Rotary club; Dr. A. B. Hinkley, past exalted ruler of the Elks; A. J. Furber, Macdonald avenue merchant; and N. Calfee, attorney.

Heading the Big Gifts committee are George Thornton, E. B. Bull and Hall Sanderson.

In order to pave the way for the active solicitors, details of the campaign have been held before every civic, fraternal and business organization in Richmond, and the committees will start work today with small possibility of finding anyone unfamiliar with the campaign.

A goal of \$3200 has been set.

MATTIE A. CHANDLER, charming mayor of Richmond (center above) is taking an active interest in the Salvation Army fund campaign which was launched today in this city and nearby communities. On the right is Fire Chief W. P. Cooper, who is keeping a firm hold on the reins to guard against danger of the rider executing a "Prince of Wales." On the left is Brigadier Harris of the Salvation Army. The happy girl on the horse is one of the many children cared for by the Salvation Army at its Rescue and Maternity Home, East Twenty-eighth and Garden Avenue, Oakland.

BRIDGE HITS SNAG AS NEW PLANS LAID

WASHINGTON, Apr. 16. — Plans for a subway tube project to be built under San Francisco Bay have been laid before Army and Navy engineers as a substitute proposal for the San Francisco Bay bridge, Supervisor James H. McSheehy of San Francisco announced tonight.

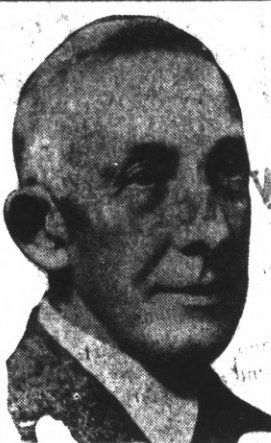

"The tube project has been carefully worked out," declared McSheehy. "It can be built at but one-third cost of the proposed high level bridge."

Outfitting the project McSheehy said, the tube would extend from the same points as the proposed bridge, from Rincon hill to Alameda. Its span under the bay would be 3,000 feet, with appropriate approaches at each end. It would serve all the practical purposes of the high bridge for traffic needs, McSheehy declared.

Opposition has been registered to the proposed high-level bridge by the Navy and Army engineers on the ground that the bridge would constitute a hazard in time of war. This opposition would be done away with by the alternate tube proposal, McSheehy declared.

McSheehy left tonight for San Francisco en route home. He will stop off at Pittsburgh to consult with engineers on phases of the tube construction problem.

Defeats Small

SENATE SLUGGING, bombings and other forms of violence. Louis. Emerson (above) defeated Gov. Len Small for the Republican gubernatorial in Illinois by a very large majority. He was backed by Senator Deneen.

Woman's Club Host To Civic, Public Chiefs

Tonight the Richmond Business and Professional Women's club entertained National Business Women's Week, April 15-22, by being hosts to prominent leaders in the civic and public life of Richmond at a dinner to be served at the Hotel Carquinez.

A splendid program has been arranged for the occasion. The speaker of the evening will be Prof. E. A. Rogers, president of the Montezuma School for Boys, one of California's foremost educators and a student of international fame, whose dynamic talks have given him a wide reputation as speaker. His topic will be "Attitudes, Impulses and Habits."

The purpose of National Business Women's Week is to reveal and interpret the values of the business and professional women's clubs to the communities, to disclose the objects and purposes of the organization, to impress upon the civic leaders of

Quiet Meeting Marks Passing Of Old And Dawn Of New Regime

Councilman Phil Lee was unanimously chosen as mayor of El Cerrito at the meeting of the council last evening.

W. R. Porter resigned his position as fireman, and A. H. Byrd, who was deposed about six months ago, was chosen as fire chief and engineer of the fire department at a salary of \$150 per month.

W. A. Hines was deposed as fire chief and police judge, and J. F. Plank, the first resident in the recently annexed Villa Nova tract, was appointed as police judge at a salary of \$75 per month.

All other appointive positions were declared vacant, and then all those now holding city offices were given temporary appointments.

The expected fireworks were missing at the meeting and instead it was a sort of love feast, with each one throwing bouquets at the other.

After the vote was canvassed the old board and the result announced the old and new members were presented with baskets of beautiful flowers.

Ernest O'Brien was given the floor and stated that as there were but two of the old members remaining on the board and as Zimmerman had already served as mayor, he thought the honor should go to Lee. Lee was then elected by the unanimous vote of the members.

V. Rogers was then introduced as master of ceremonies and stated

QUAKE ROCKS S. A. TOWNS

(By Universal Service)

REO DE JANEIRO, April 16.—A violent earthquake shocked the city of Mossoro and other towns in the state of Rio Grande do Norte this morning, according to messages reaching here from Natal on the coast. The disturbances extended far into the interior of the state, the people in many districts being thrown into a panic. In several towns the people rushed into the streets. Several persons were injured but the extent of the damage is not known. Wire communications with the disturbed areas are completely broken down.

Council Balks At Low Prices

From May 3rd to the 12th, the period the Red Cross will conduct a life saving campaign in the Richmond natorium, the council will be unable to put in force the reduced prices of ten cents for children and 25 cents for adults.

City Manager McVittie stated books of fifty that would make the single admission 32 cents for adults and 15 cents for children could be purchased and in this way the organization could get a reduced price.

Attorney John Moore appeared on behalf of the Red Cross, and explained the aim of the Red Cross in conducting this campaign. He stated he felt that the organization would be satisfied with the use of the coupon books.

Throng Attend Benefit Show

There was standing room only at the California theatre last night when throngs responded to a benefit show being staged by the P. T. A. with William Haines in "West Point" being featured on the screen. The show will continue this afternoon and this evening. Members of the P. T. A. were much elated yesterday over the success of the first night's performance.

Proceeds of the show will be loaned to some student to advance his education.

Mrs. George Ellis is chairman of the affair, while Mrs. H. S. Loda is chairman of the candy sale.

TAX COLLECTOR'S REPORT

Tax Collector J. O. Ford reported to the council last evening that his collections amounted to \$39,417.58, during the past month.

HARDWARE FOR HOME BUILDERS

You will find the Architect a crank on hardware specifications. He insists that the hardware must be of a quality that will last, and of such design as will harmonize with the architecture and the scheme of decoration. Consult the Buyers Guide for the kind of hardware that Architects specify.

The CORE

Bandits in Toledo, Ohio, yesterday held up express messengers, killed a policeman, and got away with \$200,000 in loot. The automobile was the means by which the bandits made their escape. With the frequency that this class of criminals are working, it would seem that the only remedy is for every city to equip its force with sawed off shot guns, and give instructions to shoot to kill. The public should not be put to the expense of expensive trials, dragged out for weeks and months, by attorneys, and oftentimes are receiving the prisoners loot in payment for their services.

Wealth does not mean that happiness follows. In New York a young married woman, whose father has millions, jumped from the twelfth story of an apartment building and was picked up dead. The report the police made of the incident was that she "fell or jumped." Hardly a day passes, but some person of wealth has a tragic ending that is shrouded in mystery. Life is what you make out of it, and it is not necessary to have large sums of money to have happiness.

The heacons that the Standard oil company has established on Mt. Diablo and on Mount Davidson in Southern California, is one of the most constructive pieces of work that has been carried out by a corporation in many years. While the ten million beacons are now burning every night, will have a tremendous advertising value for the company, the good they will do to aviation is untold. The thanks of the public is due the Standard Oil company for this unselfish piece of work.

Wonderful things are happening daily. Yesterday air service between San Francisco and Los Angeles. You can step in one of those modern 12 passenger flyers and land in southern California—500 miles distant—in four hours. The fare is \$60, but what does that amount to when time is the essence. It will only be a few years and you will see regular air service maintained to all the principal cities of the state.

SELLS HOUSE, LOTS

Harry Brooks has disposed of a house and three lots to Anna Donohoe, the deal being made through Mrs. P. F. Engard. Brooks will leave soon for Los Angeles where he will go into business.

RESCUE OF PLANE FAILS

(By Universal Service)

Outstanding developments, yesterday in efforts to rescue the trans-Atlantic fliers from Greenely Island follow:

1. Major James Fitzmaurice hoped off from Greenely Island in rescue plane, but was forced to descend at Natashkawn, Quebec, after 200 mile flight.

2. Rescue plane, carrying representatives of the New York American, was forced down by storm at Seven Islands, 400 miles from Greenely Island.

3. German fliers, Captain Koel and Baron Hunsfeld remained on island to repair Bremen, in which they intend to hop off by Wednesday.

4. Miss Herta Junkers, daughter of the designer and maker of the Bremen, flew from New York to Montreal with Benzol and spare parts for the trans-Atlantic plane.

5. The Canadian ice-breaker, Moncalm, steaming on its way to Greenely, was held in a dense ice pack, 35 miles from the island.

NEW YORK, April 16.—A wireless message announcing plans of Captain Herman Koehl and Baron Van Huenefeld to fly their trans-Atlantic plane off Greenely Island by Wednesday was received tonight by the Radio Corporation of America.

The message was sent by the radio station at Point Amour, Labrador and relayed through the Canadian Marconi wireless station at Montreal. The message indicated that previous reports as to the damage sustained by the Bremen in landing on the ice-covered island were exaggerated.

The text of the message follows: "Bremen shaft slightly damaged but repairable. Expect to leave Greenely Wednesday. Had fog and snow during part of day flight. Misook Greenely lighthouse for sailing steamer, but shortly after ascertained it was lighthouse and made landing on small pond. Crew were rather exhausted but quite recovered after short time."

VISITS IN SANTA CRUZ

Miss Marjorie Wellborn spent the week-end in Santa Cruz where she visited her parents.

'Stop' Or Cops Will Get You Says Chief Cox

Chief of Police Dan Cox says the new boulevard "stop ordinance" means STOP.

"When you come to one of the street signs, it does not mean 'slow up' as some drivers who have been going 35 miles an hour slow up to 20."

The chief has given instructions to his officers that the ordinance is to be strictly enforced, and those who have not been paying attention to the 'stop' signs will likely find themselves with a ticket, which means a visit to the police court and the payment of a fine.

The statement of the chief of police was brought out by the final adoption by the council last evening of what is known as the boulevard ordinance.

March Profits Of Wharf \$1486.

The city of Richmond's share of the operation of the harbor front facilities for the month of March amounts to \$1486.14.

The report of the Port Terminal company for that period was filed with the council last evening. It showed gross revenues of \$6,368.38 and expenses of \$3,396.09, leaving a gross profit of \$2,872.29. This amount is divided between the city and Port.

The bridge to span Richardson bay, would be 7300 feet in length and have a draw bridge in the center span. Hearing on the application was postponed until May 17.

Fireman Off Duty Discovers Blaze

The street car conductor who spent his day off riding the transit company lines had nothing on the Richmond firemen who browsed around until he found a fire on an off-duty shift Sunday morning.

Leaving the station at Point Richmond early Sunday morning he noticed smoke curling from the top floor of the Imperial hotel, fifth and Macdonald, and turned in an alarm. A fire extinguisher put out a smoldering mattress before any great damage had been done.

POUNDMASTER KEPT BUSY Poundmaster Frank Meader was kept busy during last month. In his report filed with the council last evening he stated that he had captured 65 dogs and killed 51. The fees collected amounted to \$11.

SOFT DRINK PERMIT

Ernest De Martini of 112 Railroad avenue was last evening granted a permit by the council to sell soft drinks and conduct a pool room at the place above mentioned. The license was a transfer from G. Mighetti, who has been operating the place.

COUNCILMEN

Newly elected members of the El Cerrito city council will be held in Schwake hall, to which the public is invited. Many are planning attendance.

Action Taken For Improving Of 4 Streets

Street improvements and openings were initiated at the meeting of the council held last evening. Plans and specifications for the improvement of Prather, Key boulevard, Nevin and Carlson avenues were adopted.

Action was taken for the opening of Pullman avenue that will connect with Panhandle boulevard in the Richmond Annex. The dedication of a five-foot strip along the boulevard was also accepted by the council.

Ohio avenue and Pullman to Wall street, is to be improved with an asphaltic concrete. Plans for this work were adopted.

An ordinance for the opening of Thirty-sixth street, for a distance of about one block was given first reading.

The opening of Seventh street from Barrett avenue north was discussed, but no definite action taken in the matter.

RICHMOND CLUB HEARS TALK ON EUROPEAN TOUR

Mrs. Emily Axell who has been abroad twice, yesterday afternoon told members of Richmond club of her tour last summer to European countries and of attending a summer school in London.

Mrs. Axell told her audience that the English feel the aims of education different over here and over there, giving the United States the laurels on methods of instruction in secondary education, but saying that for higher education the people do not know how to study. The English, Mrs. Axell gained from classes in London, feel that our aims are not what they should be—that a parent will say to a son, or daughter, "You must study this, because you will get the most out of it, you will make the most money from it as an occupation," while the English aim is to do, develop culture.

Mrs. Axell expressed her hope for peace among the nations, and told of her visit to the Peace Palace at The Hague, where all the countries have given of their best in furnishing and beautifying the halls—and grounds.

Mrs. Axell sketched her tour and told of interesting experiences in many cities, stating that there are two reasons for a person to visit Europe, "first for the rich memories with which to refresh yourself in later years, and second, to cause you always come back home more in love than ever with your own country."

Mrs. A. D. Jones, chairman of the art and travel section of Richmond club was in charge of the afternoon.

Mrs. J. P. Dowey played "Scholar, zander" by Carl Beecher and Mrs. J. O. Redman sang "Gingham Gown" by Arthur Penn and "Mandy and the Spider" by Lorraine Tombo, for the musical numbers of the afternoon.

Refreshments were served by Mrs. C. Clarke, Mrs. J. A. McLean, and Mrs. A. Woodcock.

Mrs. Axell is planning a return pilgrimage to the twenty-sixth annual convention of the League of Honor Palace, on May 2. Two hundred and seventy-eight people are expected to attend, representing almost entirely living artists. Those interested in joining the group from Richmond are asked to call Mrs. Jones.

The civic department will meet this afternoon at the home of the director, Mrs. C. C. Kratzer, to make plans for the civic program for the first Monday in May.

Next Monday, Mrs. S. B. Wilson will be in charge of a Shakespearean program, which she has secured a Shakespearean reader for the afternoon. All club members are urged to attend. Piano and vocal numbers will also be included in the program.

Mrs. C. F. Deshielda, president, elect and Mrs. W. C. Kratzer were chosen delegates to the state convention, and Mrs. Deshielda, Mrs. A. D. Jones, Mrs. J. A. Blair and Mrs. J. Francis Kent will represent the club at the district convention at Alameda next week.

HUGE CROWD SEES STRAITS SWIM EVENTS

Twenty-six of the thirty-five swimmers to start across the Carquinez straits in the University of California Life Savers race yesterday afternoon, finished the grind. Art Hargraves taking first in 21 minutes and 8 seconds. Second and third places were taken by L. Aleck in 22 minutes and 30 seconds and P. Noyes in 23 minutes and 32 seconds.

Byron Summers, professional swimmer, in an exhibition event, swam the straits handcuffed in 33 minutes and 5 seconds.

A huge crowd lined the bridge to witness the event and the highway for more than a mile was lined with a mass of automobiles.

ONE KILLED AS CARS MEET

MARTINEZ, April 15.—Edward Griffin, 1725 Eighth street, Berkeley, was fatally injured yesterday afternoon when his automobile crashed into the guard rail at the first turn beyond the city limits on the Franklin canyon highway. Dying two hours later at the Martinez hospital where he was rushed in the Curry ambulance.

Griffin accompanied by J. J. Crowley, residing at the same address, was struck in the side by a piece of scantling when Crowley's automobile struck a post in rounding the sharp turn. Close behind in another car were Mrs. Griffin and little daughter, both of whom witnessed the fatal injury of their husband and father. Griffin's body was taken to San Francisco late yesterday by Deputy Coroner John S. Connolly.

Drum Corps Holds Practice Sessions

Members of the recently organized drum corps of the Veterans of Foreign Wars are holding practice session three night each week at Memorial hall, in preparation for several public appearances, the first to be made on Memorial day.

The drums arrived last week and under the direction of Leader Dahl, the men are gradually rounding into form. Next Monday the corps will hold a practice near the Blake Brothers quarry.

Largest Church Bell Will Grace N. Y. Cathedral

LONDON, April 14.—"England's largest comes to America." This time it is a 19 ton bell made for the new Laura Spelman Rockefeller carillon at the Riverside Church of New York City.

Hundreds of feet above the river the bell will stand and its tones will carry to points twelve miles away; almost to the "South Ferry" across the river to New Jersey, and out into the regions of Westchester.

The whole carillon will have a range of five octaves. The big

English bell will be its lowest note.

The Croydon Bell Foundry constructed the new bell. Its casting was recently celebrated by a meeting of 2,300 persons, a meeting of British Bell-ringers, the largest ever held.

Over 4000 people comprise this queer order of bell ringers. Fraser of Kent, one of the oldest "souls" of the order stated that the order was getting nowadays its usual quota of young men. "This is the reason," he said: "The moving picture houses and the young ladies absorb too much attention."

The oldest of all of England's bell ringing societies was founded in London in 1637.

PLEA IS VOICED FOR RETURN OF OLD TIME FAITH

MANCHESTER, England, Apr. 14.—"The Old Times Religion" that "was good enough for father" seldom appeals in all its strict applications to the "Flappers" and "Town Boys" of 1928. But an "Old Time Father" has appeared in England to whom whist drives and dancing are anathema.

The Rev. John Daft, rector of St. Clements church here, defined his attitude toward modern forms of recreation and entertainment in the following words: "I object on principle to whist drives and dancing." Although I do not smoke, I seek to interfere with no man's liberty, but I do say that church schools are not the proper place for smoking."

Rev. Daft's open pronouncement was made in connection with a strike of members of the choir in his church. The choristers refused to attend services and sing because, according to their complaint, the rector had banned smoking at social functions in the church rooms, and had refused to allow the name of St. Clements to be associated with whist drives and dances arranged by the church's Cricket club.

Speaking from his pulpit, the rector said: "This gives me an opportunity of re-organizing the choir on spiritual lines. I shall get men and women to sing in it who will not attend whist drives and dances."

PATENTED PILE IS DISCUSSED BY COUNCIL

(Continued from Page 1)
They had been in the wharf and bridge business for many years, and had gained a great deal of experience.

Councilman Walter Scott wanted to know why the delay of the concern in fixing a royalty price, and further stated he did not see where any harm could result from accepting bids on two kinds of piling.

City Manager McVittie stated Los Angeles had adopted the patented pile in its harbor work and were well satisfied with it.

Councilman Martin asked if Los Angeles was the only city using this type of pile. It was stated patented pile had been in use about two years.

City Attorney Carlson said that representatives of the patented piling had been negotiating with E. B. Ball for a site for a plant in Richmond, and it was possible the royalty prices had not been fixed on that account.

Other discussion followed but the meeting adjourned without any action being taken on the communication.

Ireland Makes Plans To Catch Tourists Trade

Dublin, April 14.—Ireland will leave nothing undone to attract America this year. The Great Southern Railway which covers the Free State and the Great Northern which covers Ulster, are making plans to open up the country in a way that will make it highly attractive to Americans. The big English railway companies are co-operating with them, so are the shipping companies. A scheme is just now completed for having inclusive tourist tickets on sale in the United States and Canada. These tickets will cover every detail of a round tour to any part of Ireland.

The best will be of the best for both the companies, and the Irish Tourist Association will guarantee them. Fares are being reduced also, and the carriage made more comfortable. The railways are running road-buses, and it is guaranteed that the remotest districts of Ireland can be reached this year under swift and comfortable conditions.

LINDY STARTS BEACON ATOP MT. DIABLO

Mount Diablo, once a landmark for Argonauts San Francisco-bound from their mountain mines, Sunday night blazed forth as a great beacon to guide the modern pioneers who blaze trails through the air.

At 7:55 o'clock, Colonel Chas. A. Lindbergh, in Denver, pressed a key that started a 10,000,000 candle-powered light atop the Contra Costa county mountain, flashing at ten-second intervals. The same electrical impulse brought a sister beacon into action in the Merced hills, near Los Angeles.

The two lights, each visible in clear weather for 150 miles, were installed and will be maintained by the Standard Oil Company as an aid to night flying in California.

The beams of Mount Diablo light, in fair weather or in fog and rain, will guide the aviator to Concord flyingfield and to the San Francisco and Oakland airports. It will be known to flyers as "SD" beacon, and its identity will be flashed from its tower in Morse continental code by red neon lights.

Connected by the radio system of the National Broadcasting Com-

pany, Secretary of Commerce Herbert Hoover and William P. Macdonald, Assistant Secretary of Commerce in charge of aviation, joined with San Francisco men and, Colonel Lindbergh in the ceremony, of dedicating and lighting the beacons Sunday night.

The program was directed from San Francisco, where Admiral H. A. Wiley, commander of the United States fleet, Major-General John L. Hines, commander of the 9th Corps Area, and William E. Boeing, president of the Boeing Air Transport and of the Pacific Air Transport, sat at dinner with Standard Oil officials in the headquarters of the National Broadcasting Company.

"We now have 4000 commercial airplanes, and judging by the orders in factories, we shall have 8000 by the end of the year," said Hoover, in a broadcast speech. Admiral Wiley and General Hines both expressed the gratitude with which the army and navy flying corps greeted the erection of the beacons, and both stressed the value to national defense of a great body of commercial aviators.

Boeing predicted that aviation and radio would soon be inseparably linked. "It is not improbable that soon a passenger in a commercial airplane may talk with any point in the United States by a combination of radio and long-distance telephone," he said.

London traffic policemen are to wear white coats. Many other English cities first adopted the practice.

HONORS ARE DIVIDED IN OIL SCANDAL

WASHINGTON, April 16.—Both the government and the defense won victories in the criminal conspiracy trial of Harry F. Sinclair today.

The government lost when Justice Jennings Bailey refused to permit testimony of Edward L. Doheny, Jr., in reference to the delivery of \$100,000 to Albert B. Fall, then secretary of the interior.

The government won when the judge ruled against introduction of testimony to show that the Sinclair leases were necessary to prevent drainage of the Teapot Dome naval oil reserves.

It was the government's purpose to show by introduction of the Doheny testimony that Fall at that time was in a corruptible frame of mind.

The defense had depended very largely on showing that the Sinclair leases were really a necessary and favorable to the government.

OAK TEAM IS TROUNCED BY SAN PABLANS

The San Pablo Juniors took their fifth straight game from the Oakland Cardinals at Golden Gate Playgrounds last Sunday. The Oakland team outbatted the Juniors by three hits but the Juniors managed to make their hits count. The San Pablo Juniors had a good day in the field making three snappy double plays. The outfielders had a tough time of it on account of the weather.

Goldsworthy went the full route for the Juniors and Dubois and Martini split for the losers. The game was full of pep from start to finish. The score going into the seventh inning was 8 to 7 in favor of the Cardinals but Moltzau tied it up with his home run. Moltzau and Squatt each hit a home run for their team. G. Moltzau led both teams at the willow getting three hits in four trips to the plate. Next Sunday the Juniors play at Davis Field in Oakland at 1:30.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically, and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause diarrhea or the pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling, because it is so pure and harmless. Girls who work so hard every woman should keep a bottle on hand. Every drugist has this remarkable substance. Get the genuine.

JACK DELANEY'S WISH COMES TRUE

Jack Delaney, the French-Canadian, has always professed a burning desire to climb into a ring with Jack Sharkey, Boston heavyweight, and it is of interest that Delaney's wish will be gratified on the evening of April 30 in Madison Square Garden.

A year ago this match would have rivaled a Dempsey-Tunney fight, but both the Boston Gob and the Rapier of the North have fallen on evil days since then. The match is still a great box-office draw, but in their heyday Delaney and Sharkey would have pulled close to \$700,000 outdoors.

Whether or not this match will have any bearing on the September plans of Gene Tunney is not yet clear.

As knockout victory for one or the other would certainly result in a muddled heavyweight situation and provide Rickard, at least, with a club to use over Jack Dempsey.

The rumor still gains strength that Dempsey is holding out for \$500,000 for a September fight with Tunney, and that the matter of dough-re-mills is the only thing holding up the actual signing of the papers. If Delaney or Sharkey on the night of April 30 scores a knockout win, Rickard will have an ace in the hole to use in forcing Dempsey into line.

Whether or not the fighters themselves will rise to the occasion remains to be seen.

Delaney refused to try a right hand against Tom Henney with a Tunney match in the balance, and Sharkey threw two right hands in fifteen rounds against Johnny Risko.

The boys had better do better than this on the night of April 30 or the infuriated customers are liable to chase them right out of the building and down the 8th Avenue boardwalk.

DELANEY HAD A YEN FOR JIM MALONEY.

The fact that Delaney has always had a yen to fight Sharkey means nothing at all.

Delaney also had a feverish desire to meet another Boston heavyweight. You may remember that Pete Reilly, then manager of Delaney, chased Dan Carroll from New York to Boston to Chicago in an attempt to clinch a Delaney-Jim Maloney fight. The match was finally made, and although there were extenuating circumstances, Delaney put up the worst fight of his career.

In that fight was laid the foundation for the assertion of wise ring critics that Delaney had no chance at all of beating a man he couldn't tag with a right-hand uppercut.

Maloney, coached by Tommy Loughran, pulled his chin down on his breastbone and never allowed Delaney a potshot at it. Heehey did the same thing, and so did Paolino.

Sharkey, however, has never screened his chin, and it is for this reason that Delaney has always wanted to fight him, for the French-Canadian firmly believes that he can flatten any one, regardless of weight who can be hit flush on the chin.

It remains to be seen whether Sharkey, wide open in his last few fights, tucks in his chin against Delaney. The heavyweights will tell you that Delaney can't hit with that right hand, but I have yet to see one of them who does not do everything but build a wall around his chin when Delaney is grooving him.

It remains to be seen whether Sharkey, wide open in his last few fights, tucks in his chin against Delaney. The heavyweights will tell you that Delaney can't hit with that right hand, but I have yet to see one of them who does not do everything but build a wall around his chin when Delaney is grooving him.

It's not a bad hunch at that.

Surely the heavyweight division without Dempsey is a sorry spectacle.

Rickard has always acknowledged that to be a fact, for Tex has had two idols at all times. One was Jim Jeffries and the other Jack Dempsey.

Rickard brought Jeffries out of retirement, or at least helped in it, and you can bet a few dollars that Rickard is trying to make Dempsey say "yes."

In the meantime, Broadway wants to know why Rickard is keeping September wide open. And Mr. Rickard, on advice or counsel, will be quoted only on his golf score.

CARMEN WIN FROM ADRIAN

Behind the brilliant pitching of Jack Pinto, the Richmond Carmen trounced the Adrian Athletic club on Technical school grounds by a score of 14 to 0. Pinto struckout 10 of the opposing batsmen and allowed but six hits.

Travis, Swenson and Enzyne were heavy hitters for the locals, getting three hits each, the latter also stealing three bases.

Tennis Club Wins Three Matches

The Richmond Tennis club lost six of nine matches played against the Island City club of Alameda Sunday on City Hall courts, but provided enough competition to press the visitors to the limit.

At San Jose the women members of the club lost all nine matches, but displayed improved form.

PROTECTION FOR KLAMATH RIVER URGED

At the general election held in this State on November 4, 1924, an initiative act, placed on the ballot by the largest number of signatures up to that time ever obtained for such a measure, to-wit, 105,000, was adopted by a majority vote of nearly 200,000. This act was known as the Klamath river fish and game district initiative measure and by it the Klamath river and its waters from its mouth in Del Norte county to its confluence with the Shasta river in Siskiyou county was created into a fish and game district wherein the construction or maintenance of any dam or other artificial obstruction in any of these waters was declared a misdemeanor and any such obstruction a public nuisance.

Why do sportsmen and the conservationists insist on protecting the Klamath?

1. Because it furnishes the last great "run" of salmon and sea trout. The run of salmon in the Sacramento watershed has in 20 years declined to 1-20th of what it was. The catch of salmon in Monterey Bay, conceded to be the ocean habitat of the Sacramento salmon has in a dozen years declined to one tenth of what it was.

2. Because in the constantly decreasing destruction of our spawning grounds by dams and pollution, accompanied by the increase of anglers, these streams and lakes must be replanted by vigorous stocks, taken from the Klamath, our chief remaining source of supply and renewal.

KLAMATH RIVER

3. Because the Klamath flows through 200 miles of rocky canyon, mostly forest reserve, where agriculture does not flourish and population is sparse, and it is therefore capable of being held as a fish and game reserve without injury to our industries.

4. Because sufficient hydro-electric power is capable of being developed on streams already clogged by dams or pollution to sea run fish to care for our industries indefinitely.

5. Because the regional needs of such districts as are affected can be amply taken care of by our power developments on the Trinity and other rivers outside the Klamath.

6. Because the Klamath is the stream where the Atlantic salmon will be successfully transplanted in California and will flourish to their maximum development, just as they now are being transplanted in British Columbia.

7. Because experts are agreed that any dam or obstruction even furnished with a fishway reduces the run of fish in proportion to its height and that 45 feet is the height limit at which the run is totally prevented.

Let us preserve the Klamath unobstructed, undefiled, as the Creator fashioned, our heritage from our forebears to pass on as a priceless legacy to our children.

SOUTH FIELD, Columbia University, is the scene of this picture of human gracefulness in action. The picture shows Freddie Baskin practicing for the Olympic hurdle try-out in which he has hopes of being entered.

SANNIES LOSE, 10-6

The Richmond Sannies took their third straight defeat Sunday when they went down before the attack of the All-Stars of the Utah-Idaho league by a score of 10 to 6 in a game played on the First street grounds. New blood in the lineup failed to inactivate the Sannies with the winning complex.

Fickus, twirling his first game for the Sannies, was touched for 13 hits. Swan, making his first appearance at first base, flied out, but made no impression with the willow. Ambrose collected two hits and put in a good day around second base. Huzerka was the heavy hitter for Manager Jones' men getting three hits.

SAN PABLANS TROUNCED BY EL CERRITO

The El Cerrito Merchants' baseball club subdued the San Pablo team at Zimmerman field Sunday before a large crowd of fans by a score of 5 to 0.

Chiff Mattos held the San Pablans to four scattered hits, while the El Cerrito team was collecting 14 safe blows off the offerings of Murphy.

Wig Makers War On Bobbed Hair

BUDAPEST, April 15.—A campaign against bobbed and shingled heads is now in full blast. The leaders are the wig-makers and hairdressers.

The hairdressers find the trimming of boyish locks less profitable than they had hoped, and sigh for the days when Budapest society would spend large sums on elaborate hairdressing. A great impulse to their campaign has been given by Mlle. Sari Fedak, the most popular of all Hungarian actresses, who recently appeared in the leading role in a new play, "Antonia" wearing long tresses.

"We have done practically no business for years, except to buy in at steadily sinking prices the tresses of the bobbed maidens of today, said one of the prominent wig-makers in a leading Budapest paper."

ON EXTENDED VISIT

Miss Marie Loherty of the Richmond apartments is entertaining her mother and sister, Miss Odile Landrey of Calumet, Mich., and Chicago, Ill., who are planning an extended visit here.

Don't Fuss With Mustard Plasters

Musterole, made of pure oil of mustard and other helpful ingredients, will do all the work of the old-fashioned mustard plaster—without the blister.

Musterole usually gives prompt relief from bronchitis, sore throat, coughs, colds, croup, neuralgia, headache, congestion, rheumatism, sprains, sore muscles, bruises, and all aches and pains. It may prevent pneumonia. All drug stores—5c and 65c jars and tubes—special size 63.

Don't fuss with a mustard plaster.

Specializing in treatment of piles, hemorrhoids and other chronic rectal conditions.

During a practice which has extended over many years, I have evolved some methods of treatment of chronic diseases radically different from those in use by the generality of the Medical Profession, and which are well worthy of a trial. If you have any long standing trouble of any kind and see me and I will talk over your case and see what can be done to give you relief. Hours: 11 to 12 p. m. 2 to 4 p. m.

EL CERRITO COUNCIL CANVASSES ELECTION DOES ROUTINE DUTIES

At the meeting of the El Cerrito council last evening, canvass of the votes of the election held Monday, April 9, showed the following vote received by the various candidates for councilmen, city clerk and city treasurer; for councilmen, J. R. Beck, 540; F. C. Lutz, 539; K. Gray, 60; E. T. Guay, 48; W. F. Huber, 339; C. Kaufman, 148; P. Larsen, 589; F. Lutz, 360; P. McDermott, 312; Ernest O'Brien, 445; Schwake, 406; for city clerk, Harriet Bear, 275; Mrs. Alice Morris, 864; for city treasurer, A. D. Carey, 456; D. Eldridge, 76; Mrs. Simonson, 602.

In response to a letter, presented by Councilman Charles W. Zimmerman from the Board of Fire Underwriters, which stated that the low rates in existence in El Cerrito were due to the efficient fire department, equipment and water system and that any change in the personnel of the department might affect the rates, the council decided that they be consulted before any change was made. The council instructed City Clerk M. E. Morris to write the Board of Fire Underwriters informing them of the appointment of A. H. Byrd as fire chief instead of W. A. Atkins and also of his appointment of engineer in the fire department and the resignation of Engineer W. H. Porter.

On the recommendation of City Engineer Ross L. Calfee, the contract of constructing sewers in Whipple street was awarded to L. L. Page of Richmond for \$2555.80, which was the lowest bid received. Other bids received were from the Smith Construction Co., W. J. Tobin and the Hutchinson Co.

Self-Regulating Savings Accounts

THE checking account, as everyone knows, is an indispensable aid to the transaction of the world's business. Checking accounts in the American Trust Company are something more than conveniences for paying monthly bills. They can very easily be made to establish savings accounts. Inquire at any American Trust Company office about the advantages of the Self-Regulating Savings Account plan. It saves automatically for commercial depositors and earns four per cent interest, compounded semi-annually.

A Nation Mourns The Passing Of Depew

LAST TRIBUTE TO GRAND OLD MAN: Funeral services were held today at St. Thomas' Episcopal Church in New York for Chauncey M. Depew, railroad king, who died at 93. Photo above shows casket entering church. Impassioned eulogies marked America's final salute to the railway builder and humorist. His body will rest at his birthplace, Peekskill, N. Y.

Quiet Meeting Marks Passing Of old, Dawn of new Regime

(Continued from page 7)
ed he hoped the citizens would be in harmony with the new council, and if harmony existed he would be satisfied with the new administration.

Outgoing Mayor Fred Lutz wished the new administration every success, thanked the people for the support they had given him, and hoped everyone would bury the hatchet and work for the success of the city.

Former Councilman George Connel and Frank McDermott were called on for talks, but it was found they had left the council chambers. The new trustee, Peter Larsen said he was glad to be there and to serve as a member of the council, but he wished it understood he was not the master of the people, but their servant. He appreciated very much the support the people had given him at the polls, but wanted that same support during his term of office.

John Ralph Beck, another of the new members expressed thanks for the support that had been given him at the election, and asked for the aid of the people during his incumbency. Ernest O'Brien, the third of the new councilmen said he was pleased to be on the board and felt that from the expression of those present that the people of the city did not hold any hard feelings toward the outgoing members.

When Mayor Lutz rose to talk, he was given a rousing ovation. Lee thanked the people for the

Dutch Reporter Hides In Pantry To See Queen

AMSTERDAM, April 16.—There is more than one way to get a story, even when it concerns a queen, according to a reporter in this city.

The Queen of Holland recently visited one of the popular soup-kitchens, complimented the cook upon her proverbial Dutch order and cleanliness and then asked to see the cupboard.

"Right here," answered the buxom woman, opening the doors to her large larder, and then gave a cry of real surprise upon seeing a man crouching in the corner.

Her Majesty, quite startled, turned to the cook for explanation who in turn demanded the same of the young man. He confessed that he was a poor reporter and could think of no better way of getting an inside story on the Queen's personal visit to the Dutch kitchen.

Easter Pageant Will Be Staged At El Cerrito

The Easter pageant "The Dawning," presented on Easter Sunday in the Wesley Methodist church will be repeated in El Cerrito next Tuesday evening. The event will be held at the Methodist church there and proceeds will go toward the building fund of the church. There are sixty persons in the cast and orchestra and the pageant when presented here was well received.

Odd Fellows Plan Birthday Festival

Eclipse Lodge of Odd Fellows held a regular business meeting in I. O. O. F. hall last night and planned to attend the festivities at Odd Fellows' Recreation Park, Russian River, on April 22, when the 19th anniversary of the organization will be celebrated. Next Saturday the Friendship club will hold a whist party in the club rooms. A pair of pillowslips will be awarded for each two tables as well as a door prize. On May 5 the Contra Costa encampment will confer the royal purple degree at Antioch.

THE TREASURY BALANCE
There is a balance of \$208,717.35 in the city treasury, according to the report of City Auditor Marie Whitesides, filed with the council last evening.

BABE, CYCLIST INJURED OVER WEEK END HERE

Billy Cole, 20-months-old son of Mrs. Mary Cole, Oakland, received lacerations over the right eye in accident Sunday night when the car in which he was riding with his mother and Frank Motley of Oakland, collided in San Pablo with a small touring car. The driver of the car escaped before the child could learn his name.

The child was treated at the Emergency hospital, here by Dr. H. J. Riggs.

A. J. Riggs, 340 Nineteenth street, Richmond, crashed into a car of a machine owned by Ben Sweet when he attempted to leave a parking place on Macdonald between Ninth and Tenth streets Saturday evening.

Machines driven by D. Fortoli, Richmond, and F. M. Curtis, San Francisco, collided Sunday afternoon at San Pablo and Macdonald avenues. Both cars were damaged.

Carl Lieberman, Berkeley, was slightly bruised when his motorcycle was struck by a machine driven by Paul Smith, Richmond, at the corner of Cutting boulevard and Forty-first street Sunday night.

A car driven by J. Aranda was struck by a light coupe Sunday at Macdonald and Eleventh street, the driver of the latter car falling to stop.

Local Redmen To Attend Meeting At Pittsburg

On May 14 there will be a class adoption, when the Pitkin tribe will put on the adoption degree, and the local tribe the chief's degree.

A district meeting of tribes will be held here on May 21, and Maryville Jones has been named chairman of the committee, assisted by Ralph Laughlin and Ed. Melndale.

Ladies night will be May 22, with John Miller heading a committee composed of W. G. Casey and Dan Nogolia.

Ray Vogt and Manuel Pacheco were appointed to make arrangements for a horse shoe tournament to be held in the club rooms.

Deputy Sheriff Injured In Crash

Deputy Sheriff B. E. Martenstein sustained painful injuries to his left toes, left knee cap and left thigh Saturday afternoon in a motorcycle accident as he was going to Danville to direct traffic at the funeral of the late Albert W. Glass.

Martenstein, on his motorcycle, was following close behind the car of J. H. Peters of Richmond when the latter gave the arm signal and turned out to pass a car ahead, but too late for Martenstein to stop. Careening off the road, the rear of Peters' car struck the rear of a car driven by E. E. Beedle and was thrown heavily to the pavement.

Gets Choice Of \$500 Or Days

Whether or not George Sindich spends 500 days in the county jail will depend on his ability to raise a \$500 fine levied yesterday by police Judge Odell when Sindich was arraigned on a charge of illegal possession of liquor.

Sindich was arrested last Saturday evening when officers raided his home, McBryde and San Pablo avenues, and discovered a quantity of liquor. Sergeant Shinkensky and Officers Ligon, Shinkensky and Hawkins made the arrest.

WINS SKATING RACE

George E. Clark, son of Mr. and Mrs. Claude E. Clark, this city took first place in a one-mile roller skating contest held by the sophomore class at U. C. last week. The race was over a one mile course, and Clark's victory brought him a new suit.
